

2023 Community Deck

40 to 50 Industry professionals

Over 3000 Audiences

87% of speakers are C-level managers or senior executives

A Fresh Perspective

Driven by purpose and positive change, the generation born on this millenia's brink is eager to dive in. Engaging with the young professionals of today is an investment in the value of tomorrow and beyond. Are you as ready as we are?

Who Are We?

As the largest student-led hospitality summit in the world, YHS serves as a platform for industry professionals, media members, and student delegates to engage in pertinent and insightful discussions on the industry's latest topics every year.

YHS 2023 is a Big Deal.

As our first in-person event since 2019, such an occasion needs a setting to match. YHS 2023 will be held at the highly anticipated revamped campus of EHL Hospitality Business School. Our new home, a marvel of sustainable architecture, is built to orchestrate the spontaneous interactions that will brighten and fill our experience at the summit.

YHS Pillars

YHS Talks

The content driver of YHS. Explore the core speaking formats – keynotes, panels, and fireside chats – alongside our brand new formats – Inside Look, CrowdBounce & Storytime. All these add tremendous value to our summit as speakers from all around the world come to share their expertise with us!

YHS Challenge

A case set by our Presenting Partner, in which delegates will be pushed to find innovative solutions and think outside the box. On the final day, finalists present their solutions to industry professionals, with the opportunity to realize their ideas in the hospitality sphere!

YHS Sessions

Workshops designed for our partners and delegates to network & interact! They offer a platform for partners to discuss new ideas & gain delegates' unique perspectives. The sessions generate excitement around a company's vision for the future of the industry.

YHS Socials

At YHS, our Events Team works day & night to create unforgettable experiences to engage and connect. From coffee breaks, all the way to the gala dinner and cocktails, it's the right time for all stakeholders to exchange connections, interests and humour!

YHS Values

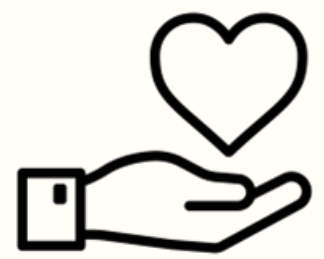

Curiosity

We foster discussions around interesting and pressing topics in the industry.

Connection

YHS brings together students, industry professionals, and partners to connect.

Empowerment

Through interaction and connection, we seek to bridge the gap between players in the industry.
